Apply a waste label*
Place adhesive label on container prior to any waste being added.

Fill out waste label*
Write start date, contents, amount, etc. on tag or label.

Schedule a pickup
Request via EH&S on-line form before 90 days or when container is 80% full.

Stage containers
Ensure all waste containers are labeled, capped, segregated, and in secondary containment.

*NOTE: Hazmat will decline improperly labeled containers until they are corrected.
