Changing Your Password on Outlook for Mac
Outlook Setup

1. Click on Outlook on the upper left corner,

2. Go to Preferences and click once.
3. Select **Accounts**
4. The **Password** field will have:  

    ••••••••

    Change the •••••••• to your **New Password**
5. **Close** the window by clicking the **red** button.

6. **Quit** Outlook and **Restart** Outlook.
